To whom it may concern:

Miss Luke and I have been working together for a six week summer school session. Our students were 7<sup>th</sup> and 8<sup>th</sup> grade students at Simle Middle School in Bismarck ND. The job consisted of assisting the classroom teacher in the subjects of Reading, English and Math. Miss Luke did a great job working with all of the students, whether it was one on one or in small groups. She was well liked by both teachers and students.

Miss Luke had a strong work ethic. She showed responsibility by clocking in on time and never missing a day in six weeks. When given suggestions about assignments, she created lessons and helped students to do their best. Creativity and self- confidence were characteristics that were demonstrated. No task seemed too difficult for her.

Miss Luke worked with a student who did not speak English. She taught him everything from basic vocabulary to colors to counting money. There was a lot of patience and creativity shown. She created activities on her own to help this student begin to learn the English Language. For some new teachers this would have been a bit daunting, but Miss Luke did a great job accepting the challenge!

Miss Luke would be a good candidate for a student teacher program or for any teacher jobs she may apply for in the future.

If you would like to discuss Miss Luke or have any questions for me, please call at (701-214-9734).

Sincerely,

Lisa Loven
